## **Release Notes NTMS Version 1.4 firmware**

December 17, 2006

### ***Compatibility***

NTMS firmware 1.4 can only be used with NTMS hardware shipped after November 1, 2006.

### ***Enhancements***

#### 1) Remote Firmware Upgrades

Firmware upgrades are made to the NTMS by loading a Networked Robotics .nrf (Networked Robotics Firmware) file into the NTMS through the network using the Networked Robotics Hardware Upgrade Wizard. The Hardware Upgrade Wizard is available from the Download section of the Networked Robotics web site. Firmware upgrades can only be made from a PC on the same subnet as the NTMS.

If the network goes down, or a power failure occurs during the process of firmware upgrade, restart the NTMS unit and begin the process of firmware upgrade again.
